

Innovation in Mobile Application and Development Ecosystem (I-MADE)

Telecom Centre of Excellence India supported by **Government of India, Department of Telecommunications** is organising the programme “**Innovation in Mobile Application and Development Ecosystem (I-MADE)**” in the latest technologies. Website Links give all the details about the programme (**Website:** <http://i-made.in>, **Link to Apply:** <http://imade.in/apply.html>, **Faqs:** <http://i-made.in/faqs.html>)

Aim and objective of this programme:

- Help Indian colleges digitize their resources and processes to derive better student engagement and help facilitate information access to students on the go.
- Provide critical features like: E-Notice Board, Time-table, E-mail Integration, Attendance Management System, News & Announcements, Push Notifications, Fee Payment Management System, Cashless Campus, etc.
- Encourage entrepreneurship among students by providing mentorship and guidance
- Opportunity for entrepreneurs to interact with VCs/Investors to accelerate development of Indian start-up ecosystem through direct mentorship and raising funds
- Facilitate skill development by providing training on different aspects of mobile app development
- Create 1 million mobile app start-ups some of which can eventually become Indian unicorns

The benefits for an institution joining I-MADE programme:

- A mobile app with essential features for your institution at no cost
- An App Maker for the institution and students to create apps. Further they can manage, edit and test those apps
- Training of students/staff/faculty on different aspects of mobile app development
- Practical exposure for mobile app development and better employability through App-a-Thons
- Tools to communicate with students, publish content, create and manage events, send alerts and notifications to students

- Upgraded technology infrastructure to stay competitive.
- Provide critical features like: E-Notice Board, Time-table, E-mail Integration, Attendance Management System, News & Announcements, Push Notifications, Fee Payment Management System, Cashless Campus, etc.
