### **About GJUS&T**

Guru Jambheshwar University of Science & Technology (GJUS&T) started its journey on October 20, 1995 under Haryana State Legislative Act No. 17 of 1995 at Hisar, Haryana State of India. It is named after Guru Jambheshwar Ji Maharaj, a saint environmentalist of 15th Century. The University aims at imparting education on the frontiers of Technology, Pharmacy, Environmental Studies, Non-conventional Energy Sources, Mass Media and Management Studies. Today the university is rock standing on 372 acres of lush green land with 17 Teaching Departments classified in 10 Faculties for coordinated teaching in particular and effective governance in general. The University has been accredited by NAAC as grade 'A' for the third time in a row in the year 2014. The University has been chosen as one of the few universities of the country for Global Initiative for Academic Network (GIAN). The University is celebrating Silver Jubilee this year.

### **About Department**

The Department of Computer Science and Engineering is a pioneering academic centre for education at undergraduate and post graduate level. The Department has grown many folds in academics and infra-structure since its inception. It is duly approved by AICTE and also NBA accredited. Within a short span of its existence the department has equipped itself with most modern facilities required for achieving excellence. The department is guided by a team of qualified, dedicated and competent faculty members. A highly experienced and dedicated faculty imparts quality training to student for understanding the fundamentals and applying it to solve the challenging problems.

### **Course Objectives**

Machine learning is a method of data analysis that automates analytical model building. It is a branch of artificial intelligence based on the idea that systems can learn from data, identify patterns and make decisions with minimal human intervention. The main objective of this course is to introduce the participants with the new trends in this area.
