

**GURU JAMBHESHWAR UNIVERSITY OF SC. & TECHNOLOGY, HISAR**

(Established by State Legislature Act 17 of 1995)

'A' GRADE NAAC Accredited

University Works Department

**"SAVE WATER"**

**"SAVE ELECTRICITY"**

**A P P E A L**

As you know that there is scarcity of electricity in the entire region and the electricity expenditure on the University is increasing day by day. To minimize the electricity charges, all users should follow the measures to save electricity at their offices/residences. On various occasions, it has been observed that the electrical appliances remain functional without use which cause financial burden on the University unnecessarily. Therefore, it is requested to advise all the faculty members/officials/students working under your kind control to switch off all electrical appliances when not in use. It is also requested that the tube lights installed in corridors at various buildings may be switched off during day hours and ensure that all electrical appliances are switched off before leaving the office after working hours.

Similarly drinking water is very precious and there is a shortage of drinking water in the region and it is the foremost duties of all consumers to save this precious thing for survival of human beings. Therefore, it is requested to use water judiciously by the users in their offices/ houses.

In case anyone notices/detects any type of leakage/wastage of water/electricity, the same may be informed immediately to the Sub-Divisional Engineer (Electrical/Public Health) of the University on telephone Nos. 263193, 263124.

It is also requested that this appeal may kindly be brought to the notice of every faculty member/employee/students of your deptt./hostels/offices.

Hopping for kind co-operation.

Superintending Engineer
