

GURU JAMBHESHWAR UNIVERSITY OF SCIENCE & TECHNOLOGY, HISAR  
(Established by State Legislature Act 17 of 1995)  
'A+' GRADE NAAC Accredited

No. Gen/2026/\_\_\_\_\_  
Dated : \_\_\_\_\_

### NOTIFICATION

The Vice-Chancellor on the recommendations of the committee, has approved the following rules for **Solid Waste Management and Cleanliness & Sanitation Bye-Laws, 2025** in anticipation approval of the Executive Council under section 11(5) of the University Act; 1995:

The University is providing basic civil amenities include solid waste management, cleanliness & sanitation, drainage/ sewage management etc in the campus. Presently, around 1200 – 1500 KG domestic solid waste is generated in a day from all activities in the University Campus. The University being a Bulk Waste Generator is committed to comply with Solid Waste Management Rules, 2016 including Plastic Waste & C&D Waste Management Rules and creating Single Use Plastics Free & Garbage Free (Zero Waste to Landfill) Campus. This can be achieved through keeping the waste segregated at source (source segregation as wet, dry, sanitary, domestic bio-medical, domestic hazardous & e-waste), door to door segregated waste collection, waste processing/ channelization and active participation of all waste generators/ quarters within limits of the University.

In exercise of the powers conferred under Solid Waste Management Rules, 2016 and Plastic Waste Management Rules, 2016 (as amended from time to time) of the Environment (Protection) Act, 1986, and all other powers enabling in this behalf, the Vice Chancellor, Guru Jambheshwar University of Science & Technology, Hisar is pleased to notify the GJUS&T Solid Waste Management and Cleanliness & Sanitation Bye-Laws, 2025, namely:-

**1. SHORT TITLE AND COMMENCEMENT**

- (1) These bye laws may be called the GJUS&T Solid Waste Management and Cleanliness & Sanitation Bye-Laws, 2025.
- (2) The provisions of these bye laws shall come into force on and with effect from the date of its notification.

**2. APPLICABILITY**

These Bye-laws shall be applicable to all Waste Generators/ all stakeholders/ Agencies within limits of the University.

**3. VISION**

“Attaining and sustaining Single Use Plastics & Garbage Free (Zero Waste to Landfill) Clean - Green Campus by adopting the 6Rs waste management principal (refuse to accept, reduce, reuse, recycle, redesign and research), implementing the environment friendly, financially viable and easy to operate & maintain solid waste management mechanism with 100% source segregation & door to door collection/ transportation in the segregated manner, in-situ scientific waste management and elimination of single use plastics & other single use/ disposal items with stakeholders’ active participation and comply with environmental norms”.

- 4. SOLID WASTE MANAGEMENT APPROACH:** Waste reduction at source and in-situ/ decentralized management such as aerobic composting/ bio-methanation of wet waste and channelization of dry waste etc to minimize transportation cost and environmental impacts [15(v) SWM Rules, 2016].

## 5. DEFINITIONS

- 1) **'Aerobic Composting'** means a controlled process involving microbial decomposition of organic matter in the presence of oxygen;
- 2) **"Agency"** means any entity/ person engaged/ contracted or authorized by a University to act on its behalf, for discharge of duties or functions i.e. collection & transportation and processing/ channelization of solid waste and other such delegated responsibilities etc.;
- 3) **"Authority"** means the officer designated as Authority by the University;
- 4) **"Biodegradable/ Wet Waste"** means any organic material that can be degraded/ processed by micro-organisms into simpler stable compounds i.e. compost or biogas;
- 5) **"Bulk Waste Generator"** means a waste generator/ entity/ event generating 10 kg or more solid waste in a day;
- 6) **"Decentralised Processing"** means establishment of dispersed more than one facility for maximizing the processing of biodegradable waste and recovery of recyclables closest to the source of generation so as to minimize transportation of waste;
- 7) **"Domestic Hazardous Waste"** means discarded paint drums, pesticide cans, CFL bulbs, tube lights, broken mercury thermometers etc., generated at household level;
- 8) **"Domestic Biomedical Waste"** means expired medicines, used needles/syringes and contaminated gauge, etc., generated at household level;
- 9) **"Door-to-Door Collection"** means collection of solid waste from the door step of waste generator or entry gate/ designated location on the ground floor in case of hostel/ rest house/ teaching blocks/ teaching blocks/ departments/ centres etc such entities within University premises;

- 10) **“Dry Waste”** means waste (recyclable/ non-recyclable/ combustible waste) generated by the waste generator excluding biodegradable, industrial waste, bio-medical waste and e-waste, battery waste, radioactive waste;
- 11) **“E-waste”** means, used batteries/ chargers etc generated at household level;
- 12) **“Environmental Compensation Fee (EC Fee)”** means penalty imposed by the Authority on waste generators or operators of waste processing facilities for non-compliance of the directions contained in the Solid Waste Management Rules, 2016 and these Byelaws;
- 13) **“Environmental Management Fee (EM Fee)”** means user/ service fee to be paid by the waste generators to the Authority for providing the solid waste management services [i.e. door to door waste (source segregated) collection, transportation, processing/ channelization & safe disposal] and sustaining the clean – green garbage free campus;
- 14) **“Event”** means gathering of people i.e. marriage, party, religious/ socio-cultural celebration, workshop/ seminar/ conference/ exhibition/ mela, procession etc such activities where waste is supposed to be generated.
- 15) **“Event Organizer”** means a person/ department/ group/ agency/ head of the organization etc who will apply to the University Authority for seeking permission of the event.
- 16) **“Extended Producer Responsibility (EPR)”** means responsibility of any producer, importer, brand owners (PIBOs) and processors as prescribed under SWM Rules, 2016 and PWM Rules, 2016 (as amended from time to time);
- 17) **“Inert”** means wastes which are not biodegradable, non recyclable or non combustible i.e. street sweeping or dust and silt removed from the surfaced rains or residue after waste processing;

- 18) **“Nodal Officer (SWM)”** means person appointed/ designated by the University for the purpose of day to day waste management activities including penal action against the violators, overall coordination, reporting/ keeping record etc from time to time for timely execution of the various Solid Waste Management, Plastic Waste Management & Construction & Demolition Waste Management activities by the Agency.
- 19) **“Operator of a Facility”** means a person or agency, who owns or operates a facility for handling solid waste which includes the University and any other agency deployed by the University;
- 20) **“Resource Management & Sustainability Centre (RMSC)”** means functional Waste Management Facility having Compost Unit, Material Recovery Facility with Wet Waste Shredder/ chopper, Bailing Machine, Compost Sieving Machine, Weighting Machine, 3rd level segregation facility, drinking water & sanitation/ hand wash facility for workers etc.
- 21) **“Sanitary Waste”** means wastes comprising of used diapers, sanitary towels or napkins, tampons, condoms, incontinence sheets and any other similar waste;
- 22) **“Single Use Plastics”** means plastic or polypropylene carry bags (with or without handle & irrespective of thickness/ size/ color) and plastic-thermocool items (i.e. plates/ cups/ gillase/ spoons/ forks/ knives/ juice straw/ balloon stick/ ice cream- sticks, plastic films coated paper cups/ gillases/ bowls/ plates etc) and all other such single use items (such as single use disposal cutlery except items made of leaves/ wood) which are non-biodegradable/ bio-degradable as banned by the University Authority from time to time to protect the people’ health and environment.
- 23) **“Solid Waste”** means and includes solid or semi-solid domestic waste, commercial waste, institutional waste, catering & market and sanitary

waste excluding industrial waste, bio-medical waste and e-waste, battery waste, radio-active waste;

- 24) **“Solid Waste Management”** comprises of i) mandatory segregation at source, ii) door to door collection & transportation in segregated form, iii) scientific processing i.e. composting/ bio-methanation (bio-degradable), iv) channelization of dry waste (commercially recyclables & non-recyclables) and v) safe disposal of inerts following waste hierarchy [means the priority order in which the solid waste is to should be managed by giving emphasis to prevention, reduction, reuse, recycling, recovery and disposal, with prevention being the most preferred option and the disposal at the landfill being the least [3(57) SWM Rules, 2016].
- 25) **“Street Vendor”** means any person engaged in vending of goods/ articles from a temporary built up structure or by moving from place to place etc;
- 26) **“University”** means Guru Jambheshwar University of Science & Technology, Hisar (Haryana) – 125001
- 27) **“Waste Generator”** means and includes every person/ household/ vendor/ tea stall/ eatery/ office/ hostel/ rest house/ event/ workshop/ conference/ shop/ market association/ teaching & non teaching association/ teaching block/ department/ centre/ commercial establishment/ building contractor/ service provider or any such activity which generate solid waste or who generate or cause to the generation of solid waste;
- 28) **“Waste Collector”** means a person or groups of persons or agency engaged in door to door waste collection and other related activities.
- 29) **‘Waste Management Fund’ (WMF)** means fund that is generated by the collection of Environmental Management Fee from waste generators and penalties from the stakeholders for non compliance of SWM Rules & PWM

Rules, C&DWM Rules and these Bye-laws in cooperative account. Every waste generator of the university is to be considered as member of Waste Management Fund. This fund will be utilized for various activities/ works to be carried out for attaining & sustaining the University Campus as Garbage Free (Zero Waste to Landfill).

## 6. DUTIES OF WASTE GENERATORS

- 1) It will be mandatory for all Waste Generators to-
  - a) keep the solid waste in segregated forms at source (i.e. place of generation) and store in at-least six separate streams namely i) wet/ bio-degradable (compostable), ii) dry/ non bio- degradable, iii) sanitary pads/ diapers/ condoms etc. iv) domestic biomedical waste, v) domestic hazardous wastes and vi) e-waste.
  - b) handover segregated wastes to authorized waste collector only and ensuring its safe disposal by paying the prescribed monthly environmental management fee as per the direction or notification by the Authority from time to time;
  - c) store separately Construction & Demolition (C&D) Waste and shall dispose off as per the C&D Waste Management Rules; direction by the Authority from time to time.
  - d) bulk garden and horticulture waste shall be kept unmixed and on-site composted preferably.
  - e) Safai Sewaks will collect/ keep the dry waste separately in bins/ bags and deposit it at designated sites/ persons only.
- 2) Not throw, burn or burry the solid waste, on streets, open public spaces or in the drain or water bodies except its scientific disposal.
- 3) Not burn any all kind of wastes including garbage, plastics, leaves at road/ street sides, public or private place.

- 4) Pay the prescribed environmental management fee (user/ service fee) for door to door collection of source segregated waste and its management, as specified in the bye-laws of the University.
- 5) Every street vendor shall keep suitable containers for storage of its waste in segregated manner and shall supply to the authorized waste collector as notified by the Authority.
- 6) Bio-medical Waste, Construction & Demolition waste, E-waste and industrial Hazardous waste shall not be mixed with municipal general waste and will be handled as per respective Rules.
- 7) No person shall deposit rubbish, solid waste, skin, carcasses or filth in any street or on any unoccupied ground alongside any street or on any public or private place;
- 8) Every person will use sanitary toilets, individual household toilets, community/ public toilets for defecation.
- 9) No event organizer shall organise an event in the University campus without prior permission of the University Authorities, at least seven working days in advance. Such event organiser shall ensure single use plastics (plastic- thermocol disposal) & other single use/ disposal items/ cutlery free celebration, segregation of waste at source, handing over of segregated waste to the authorised waste collector or agency only and the cleanliness of that area within prescribed time by the University Authorities from time to time.
- 10) The event organizer shall deposit the prescribed quantum of environmental management fee to the Authority concerned at the time of seeking the permission of the event.
- 11) Any waste generator who found violating these Bye-laws, will be liable to pay penalties as environmental compensation fee.

## 7. DUTIES AND RESPONSIBILITIES OF UNIVERSITY

- 1) To ensure compliance/ implementation of provisions of Solid Waste Management Rules, 2016, these Bye-laws and orders of Hon'ble NGT from time to time.
- 2) To prepare a solid waste management action plan covering each entity/ person and fix the duties of the officers/ officials/ agencies concerned for the same.
- 3) To provide facility for door-to-door collection of segregated solid waste at source from all waste generators. From multi-storage buildings/ hostels/ departments etc, waste may be collected from the entry gate in segregated form;
- 4) To provide facility for transportation of source segregated solid waste to the waste management facility.
- 5) To provide a functional solid waste processing facility (RMSC) within University campus (to save transportation cost, reduce environmental impacts) and its operation & maintenance to ensure scientific & safe disposal of waste as per SWM Rules.
- 6) To conduct behaviour change awareness (IEC) and capacity building (CB) activities to ensure successful SWM;
- 7) To integrate/ engage the non-profit professional organizations for conducting the IEC & CB activities and other SWM operations;
- 8) To coordinate with line departments/ agencies/ business groups/ corporate houses/ NGOs for technical, logistic & financial support.
- 9) To issue the necessary directions to the concerned for complying with SWM Rules & these byelaws and orders of legal proceedings from time.
- 10) To establish Reduce, Reuse, Recycle Centre (RRRC) for deposition of used clothes, shoes, stationery, toys etc.
- 11) To establish waste deposition centres for Domestic Hazardous Waste

and give direction for Waste Generators to deposit domestic hazardous wastes at this centre for its safe disposal.

- 12) To prohibit the storage, sale and usage of all kind of single use plastic items and update the prohibited SUP items list from time to time for strengthen the SWM operations.
- 13) To promote best practices in solid waste management;
- 14) To promote in-situ usage of compost in all parks, gardens etc in the University premises.
- 15) To collect the environment management fee (user/ service fee) from all the Waste Generators on its own or through authorized agency and providing receipt of the amount collected to the waste generator (**Annexure-A**). The environment management fee (user/ service fee) will be increased by at-least 5% every year for sustaining the SWM operations.
- 16) To impose environmental compensation fee (penalties/ spot fine), levy spot fine on violators and providing receipt of the amount collected to the violators (**Annexure-B**). The Authority will delegate powers to officers in addition to SWM Nodal Officer to levy prescribed spot fines.
- 17) Providing the personal safety gear to the Sanitation/ SWM staff and regular health check up.
- 18) To establish a monitoring mechanism for evaluating the performance of the field staff/ agency deployed for SWM operations.
- 19) To establish an effective complaint redressal mechanism to ensure timely disposals of complaints.
- 20) To designate officers to ensure compliance of these bye-laws and notify and publish their names, telephone & mobile numbers, e-mail IDs, WhatsApp. numbers, on which complaints could be registered easily by any one.

## 8. PROHIBITION OF NUISANCES

- 1) **Littering or dumping of waste** (Solid Waste, Construction & Demolition Wastes, Bio-Medical Wastes, E-Wastes, Plastic Wastes, Hazardous Wastes): No person/ entity etc shall throw or dumping of waste in any occupied/ unoccupied/ open/ vacant public or private place or street/ road or water bodies or green areas or work places or around eateries/ tea stalls/ canteens etc.
- 2) **Littering from vehicles:** No person shall throw waste/ litter from any vehicle either moving or parked.
- 3) **Burning of waste:** Burning of any kind of wastes at road/ street sides, at any public or private place is prohibited.
- 4) **Storage, Sale & Usage of Single Use Plastic – Thermocol (Non-biodegradable) Items & other single use/ disposal cutlery items:** No person shall store, sell, usage all kind of plastic or polypropylene carry bags (with or without handle) irrespective of thickness/ size/ color & other single use plastic- thermocol (non-bio-degradable) items & other single use/ disposal/ biodegradable items except cutlery made of leaves & wood. Cloth/ jute bags/ paper bags and eco-friendly alternatives of SUPs (metal utensils/ kulhar/ leaf plates- daune/ wooden spoons/ forks/ knives etc) will be promoted to reduce the health & environmental hazardous and waste reduction at source.
- 5) **Open defecation & urination:** No person shall defecate or urinate in open/ road sides/ open plots etc and will use public sanitation facilities and no spiting/ dumping waste in toilet - urinal seats/ premises and usage the dust bins thereat.

## 9. PENALTIES FOR CONTRAVENTION OF THESE BYE-LAWS

- 1) Whosoever contravenes any of the provisions of these bye-laws or fails to comply with the requirements made under any of these bye-laws shall be punished with a environmental compensation fee (penalties) as mentioned in **Annexure-B**,

failing which, the said defaulter shall be liable to do the community service, for at least one hour, like road sweeping, dry waste picking from parks/ green belts/ premises or graffiti cleaning etc., as directed/ ordered by the University Authority or any person authorized to do so.

2) For any violation other than **Annexure-B**, environmental compensation fee (penalties) will be assessed by the University from time to time and will be applicable from date of issuance of order.

3) The Authority may serve a notice on the occupier of any premises, requiring such occupier to comply with Bye laws within the time specified in such notice.

4) If a person, on whom a notice has been served, fails to comply with the requirements imposed by the notice, such person shall be guilty of an offence and liable on conviction to the penalties prescribed from time to time by law.

5) The fixed penalty shall be payable to the University in pursuance of a notice under this section as prescribed from time to time.

6) For any breaching of these bye-laws, even legal proceedings may also be initiated against the violators as per the Environment Protection Act of 1986 and orders of National Green Tribunal from time to time.

#### **10. REPEAL AND SAVING OF ORDERS**

1) Any action taken according to the previous rules/ bye-laws will not be considered as void, after the coming into force of these bye-laws; and

2) These bye-laws will not affect anything or any action taken, or any acquired or incorporated rights, privilege, obligation or responsibility, approved sanction, ongoing or completed investigation or pending action.

#### **11. PUBLICITY**

The University shall publicize the provisions of the bye-laws by various appropriate means for wider publicity, so that all stakeholders are made aware about the statutory duties of citizens and authorities.

**12. AMENDMENTS**

- 1) The University will make necessary amendments if any in these bye-laws from time to time to ensure compliance with the Solid Waste Management Rules, 2016 and the orders of Hon'ble Courts/ National Green Tribunal.
- 2) If there is any dispute between these bye-laws and the Solid Waste Management Rules, 2016, the SWM Rules, 2016 shall be applicable and will be put into practice.
