ABOUT GURU JAMBHESHWAR JI MAHARAJ

Guru Jambheshwar Ji Maharaj was a great saint, philosopher and environmentalist of the 15 century. He was born in the family of Shri Lohat Ji Panwar and Mata Hansa Devi on Bhadrapada Krishna Paksha Ashtami (Janmashtami), Vikram Samvat 1508 (1451 A.D.) in Pipasar village of Nagaur district of Rajasthan. Guru Jambheshwar Ji Maharaj founded the Bishnoi sect in Vikram Samvat 1542 (1485 A.D.) at Samrathal Dhaura on Kartik Krishna Ashtami. He spent the remaining 51 years of his life spreading his great vision. The First shabad uttered at the age of 7 years since Birth by Guru Jambheshwar Ji is **“Guru chinho guru chinh purohit...!”** to a Brahmin called to cure his dumbness. Considering the miraculous powers of Guru Jambheshwar Ji and his teachings, Guru Jambheshwar Ji Maharaj is popularly considered as Vishnu Swarup. His teachings influenced both the ruling class and the common class.

Guru Jambheshwar Ji Maharaj had said – **“Jeev daya palaanee, rukh leelo na ghav”**

Which means – "Have compassion for all living beings, and don't cut the green trees".

He raised his voice against the rituals and formalities of contemporary social system. He was a great visionary who had foreseen the consequences of man's actions destroying nature for economic development. He saw the need for environmental protection and weaved his principles into religious commandments so that people could internalise those principles easily. He teaches love, peace, kindness, simplicity, honesty, compassion, forgiveness, hard work, good moral character, internal and external purity.

At village Khejarli of Jodhpur State, in Vikram Samvat 1787 (1730 A.D.), under the influence of Guru Jambheshwar Ji Maharaj's teachings, Smt. Amrita Devi Ji and 362 Bishnoi brothers and sisters, sacrificed their lives to save Khejadi trees from being cut by moving their heads forward saying

"Sar Sathe Rukh Rahe, To Bhi Saston Jaan",

Which means “Even if a tree is saved in exchange of a head, it is still a cheaper deal”.

The Khejarali village event was the supreme sacrifice worldwide to protect the trees. Khejarali (Jodhpur) is the place where the Chipko movement originated in India Centuries before the S.L. Bahuguna led Chipko movement. This collective sacrifice of human lives to protect the Khejri tree is a unique phenomenon worldwide.

Guru Jambheshwar Ji Maharaj founded 29 rules. Out of these, eight prescribe to preserve biodiversity and encourage good animal husbandry, seven provide directions for healthy social behaviour, and ten are directed towards personal hygiene and maintaining essential good health. The other four commandments provide guidelines for worshipping Vishnu daily. He expounded his religious philosophy and the essence of these principles in verses. These vibrant and passionate spiritual verses have a vigour of their own and are distinguished by their vivid conversational style and moral exhortation. Guru Ji achieved `Nirvana' in Vikram Samvat 1593 (1536 A.D.) at Lalasar, District Bikaner, Rajasthan.

A fundamental “Shabad” by Guru Jambheshwar Ji-

**“Vishnu Vishnu tu bhan re prani, paii key lakh upayun,
Rattan kayo baikunth baaso, tera jara maran bhaya bhajun”**

Which means, “O human being, recite Vishnu Vishnu continuously so that the recital multiplies in number. This would relieve you from the fear of old age and death”.

PREFACE

Dear Candidates,

Welcome to the e-Prospectus of Guru Jambheshwar University of Science and Technology, Hisar, a premier educational institute of Haryana, for all regular programmes for the academic year 2025-26. It gives me pleasure that my University is taking another small step by way of bringing e-Prospectus. This e-prospectus is a small step towards safeguarding our environment as the University is named after great environmentalist, Guru Jambheshwar Ji Maharaj. Guru Jambheshwar University of Science & Technology started its journey under the Act of State Legislature on 20 October, 1995 by an Act of State Legislature and the preamble of the Act states that the University will facilitate and promote studies and research in emerging areas of Higher Education. The University has constantly motivated and encouraged interdisciplinary collaboration and Research. In the ambit of the above, the University runs Ph.D. programmes in most of the teaching Departments, besides the UG and PG programmes. For effectively running the Doctoral and Post-Doctoral programmes and independent research projects, the University has created necessary infrastructure in the form of state-of-the-art laboratories, Animal House, Electronic Databases, Research Journals and Reference Books in the University Library, High Speed Internet connectivity and above all, a supporting environment.

It has a spacious Library with around 4 Lakh Books and e-Books Research Journals, Periodicals, Magazines, Newspapers etc. University has sufficient hostel facilities for boys, girls and working women. A huge sports Complex and two Multipurpose halls for indoor games are very popular with students. Abdul Kalam Central Instrumentation Laboratory is a well acclaimed Centre which not only provides facilities to researchers of the University but also caters to the research needs of other Institutions of the region.

To motivate and support the researchers to produce patentable research work, the University has established CIIP which helps in filing patents and sensitizing the researchers about patent procedures. All such good practices and new initiatives taken have led the University to earn 'A+' grade from National Assessment and Accreditation Council, Bangalore. I wish all the best to the students for their bright future.

Qualification Framework (NHEQF), etc. by the University as per directives of UGC/State Government. Further, the amendment, if any, in this regard i.e. nomenclature of programme(s), duration of programme of study, curriculum and credit framework structure etc. may also be made in future from time to time.

2. Upto 25% seats in each programme have been created as Supernumerary seat(s) for International Students/Candidates, which will be over and above of the total sanctioned enrolment for undergraduate and postgraduate programmes, as Public Notice dated 26th April, 2024 issued by the UGC, New Delhi.

The National Education Policy (NEP)-2020 is a comprehensive and ambitious policy that aims to transform the Indian education system and makes it more student-centric, holistic and to align with the needs of the 21st century. It outlines the goals, objectives, and policies for the development and improvement of education across all levels. Some of the key features of the NEP-2020 include:

- Multidisciplinary, flexible and equitable education framework for the holistic development of learners
- Emphasis on skill-based education, vocational education and apprenticeship/internship
- Encourage critical thinking, creativity and problem-solving skills
- Increase the Gross Enrollment Ratio (GER) in higher education to 50% by 2035
- Promotion of Indian languages, art, culture and heritage
- Emphasis on Multidisciplinary, Interdisciplinary, and Trans disciplinary research to develop innovative solutions to overcome societal issues

NEP-2020 advocates that a holistic and multidisciplinary education would aim to develop all capacities of human beings -intellectual, aesthetic, social, physical, emotional, and moral in an integrated manner. Such a holistic education approach is necessarily required at under graduate level. The 4-year multidisciplinary Bachelor's programme, however, shall be the preferred option since it allows the opportunity to experience the full range of holistic and multidisciplinary education in addition to a focus on the chosen major and minors as per the choices of the student. The holistic four year under graduate education with multiple entry and exit provisions will help in matching of the undergraduate education to international standards and will facilitate the student mobility for higher studies, research, and employability across the globe.

The NEP-2020 envisages flexibility in the design and duration of Master's degree programmes. The structure and duration of Master's programmes of study proposed by NEP-2020 include:

- (a) a 2 years Master's programme for those who have completed a 3 years Bachelor's programme
- (b) a 1 year Master's programme for students who have completed a 4 years Bachelor's programme
- (c) an integrated 5 years Bachelor's-Master's programme
- (d) a Ph.D. programme shall require a Master's degree or a 4 years Bachelor's (Honours with research) programme

Bachelor's degree (Hons. /Hons. with Research) (4 years), Integrated B.Sc. / B.Sc. (Hons. / Hons. with research)-M. Sc programmes, (5 years) and Integrated Bachelor's degree (Field of study/discipline)-Master's programme (5 years)

Year	Type of Certificate/ Diploma/Degree	Qualification title/nomenclature and programme duration	National Credit Framework (NCrF) Credit Levels
1 st year	Undergraduate Certificate	Undergraduate Certificate (Field of study/discipline) of the undergraduate programme after summer internship of four credits.	4.5

After successfully completion of first and second semesters of Postgraduate programme, if a student wants to exit the programme then PG Diploma in concerned discipline will be awarded. However, after successfully completion of all four semesters, Postgraduate Degree in concerned discipline will be awarded.

The main features of Curriculum and Credit Framework include

- i. Opportunity for learners to choose the courses of their interest in all disciplines
- ii. Provision of multiple entry and exit options with a UG Certificate or UG Diploma or UG Degree depending on the number of credits earned
- iii. Flexibility for students to move among the institutions through the implementation of Academic Bank of Credits (ABC)
- iv. Flexibility to switch to alternative modes of learning (Offline, ODL, Online, and Hybrid modes)

3.8 FACULTY OF RELIGIOUS STUDIES

Guru Jambheshwar Ji Maharaj Institute of Religious Studies conducts research and comparative study of various religions Hinduism, Jainism, Buddhism, Christianity, Islam and Sikhism, Indian Culture with special reference to teachings of Guru Jambheshwar Ji Maharaj.

In India, religion is a way of life. It is an integral part of the entire Indian tradition. For the majority of Indians; religion permeates every aspect of life from common-place daily chores to education. Secular India is home to Hinduism, Jainism, Buddhism, Christianity, Islam, Sikhism, Indian Culture and other innumerable religious traditions.

1. Hinduism- The underlying tenets of Hinduism cannot be easily defined. There is no unique philosophy that forms the basis of the faith of the majority of India's population. Hinduism is perhaps the only religious tradition that is so diversified on its theoretical premises and practical expressions as to be called a "museum of religions". This religion cannot be traced to a specific founder nor does it have a "holy book" as a basic scriptural guide. The Rig Veda, Upanishads and the Bhagwad Gita can all be described as the sacred text of the Hindus.
2. Sikhism- The Sikh religion emerged during the early 16th century in the state of Punjab in North India. The founder of this faith was Guru Nanak, who from his childhood was attracted to both Hindu and Muslim saints. Born a Hindu, but also inspired by the teachings of Islam, he began to preach the message of unity of both religions. According to him, the basic teaching of both faiths were essentially the same. Nanak attracted many followers and came to be known as a Guru or a teacher. His disciples came together to form a new religious tradition called Sikhism.
3. Buddhism- Buddhism originated as an offshoot of Hinduism in India, but eventually it became popular all over Asia. The personality and teachings of Gautama Buddha, the founder of this faith, have illumined the lives of millions of people in Japan, China and Southeast Asia. Buddhism is based on the principle of the law of impermanence.
4. Islam – The Arab traders brought Islam to India in the early 8th century, but it was not until the 12th century that it became a force to reckon with in the Indian sub-continent. Unlike Buddhism,

Jainism and Sikhism which emerged as offshoots of Hinduism, the concept customs and religious practices of Islam were unique to this faith which professed universal brotherhood and submission to Allah-The God Almighty. The mystics of Islam, or the Sufi saints, helped in spreading the message of peace and universal love.

5. Jainism – Jainism as a religious tradition was established in India about the same time as Buddhism. Mahavira, one of the jeans (conquerors) preached the Jain philosophy around the same time that Buddhism began. The Institute has also introduced programme on doctor of Philosophy. The candidates having master Degree i.e. M.A. (Sanskrit/Hindi/Philosophy/ Dharam/Religion/ Ved/Ancient History) disciplines only be considered eligible to apply for Entrance Test and Registration in Ph. “A General candidate requires to have 50% marks, then as per Govt. instructions by giving 5% relaxation the minimum eligibility marks for a reserved category candidate should be calculated as under: -

$$\begin{aligned} \text{Out of 100 marks needs to less} &= 5 \\ \text{Out of 1 Marks needs to less} &= 5/100 \\ \text{Out of 50 marks needs to less} &= 5/100 \times 50 = 2.50 \end{aligned}$$
